* *Extreme Only*

With the force of a Boston wrecking ball, **EXTREME** swing between unapologetic fits of fret-burning hard rock and intimately introspective balladry. This dynamic affirms the iconic multiplatinum Beantown quartet—Gary Cherone (vocals), Nuno Bettencourt (guitar), Pat Badger (bass), and Kevin Figueiredo (drums)—as one of rock’s most unpredictable, undeniable, and unbreakable groups whose songs course through the very fabric of popular culture. They’re the rare band whose music has appeared in an actual cult series a la Bill & Ted as well as the Netflix juggernaut “Stranger Things.” They’ve sold 10 million records, topped the Billboard Hot 100 at #1, packed major venues on multiple continents, memorably performed at the Freddie Mercury Tribute Concert in London, and regularly average over 5 million monthly listeners on Spotify. However, their dynamic approach hits harder than ever on their 2023 full-length offering, Six.
